Institute of Low Temperature Science

Hokkaido University

北海道大学
HOKKAIDO UNIVERSITY

Position announcement

An Associate Professor position in the Frontier Ice and Snow Science Division of the Institute of Low Temperature Science (ILTS) is now open. ILTS, an inter-university research institute affiliated with Hokkaido University, promotes interdisciplinary studies on various natural phenomena occurring in the cryosphere. The Frontier Ice and Snow Science Division pursues a comprehensive understanding of terrestrial and planetary phenomena on the basis of ice and snow sciences. The division also opens the way for new, innovative research on environmental, physical and chemical issues related to ice and snow.

The successful applicant should have demonstrated abilities to be an excellent researcher and have high research productivity with the potential to lead new and innovative research programs. This includes publishing results regularly in high-impact journals and actively seeking funding in support of research. He or she is expected to conduct **research on ice cores and snow/ice properties related to climate/environment changes, water/material cycles and paleoenvironment reconstructions**. The applicant is expected to understand the role of the inter-university activity of ILTS. He or she is required to carry out education-related duties in the Graduate School of Environment in Hokkaido University and supervise graduate students. He or she should hold a PhD degree. The conditions of employment will follow university regulations, and the starting date should be the earliest possible date.

1. Probation Period

The probation period is three months.

2. Salary

The salary will be determined in accordance with the regulations of Hokkaido University.

3. Working Form

Discretionary labor system for professional work

*Working hours per day: 7 hours and 45 minutes

4. Health Insurance

The Ministry of Education, Culture, Sports, Science and Technology

Compensation Insurance and Employment Insurance

5. Name of Recruiting Institution

Hokkaido University

6. Application Materials

a) Curriculum Vitae: Free format with an attached photo taken within six months, your address, your complete academic career including your history of both teaching and research, your degrees, and your awards;

* Applicants who have been employed by Hokkaido University from April 1, 2013 (any position, including Part-time Lecturer, TA, TF, RA and Short-term Support Assistant, etc.) should provide full details of their employment history.

b) Publication list: classify these into original papers published in peer-reviewed journals, review papers, books, and other publications;

- c) Reprints or copies of your significant publications: limit those to 5 and clearly reference them by labels on your publication list;
- d) List of major research funds;
- e) List of activities in international and domestic societies: includes committee activities and invited presentations at conferences;
- f) Outline and results of past research (2-3 pages of A4 paper);
- g) Research plans and perspective (1-2 pages of A4 paper);
- h) Names of two references.

7. Application Deadline

Monday, October 1, 2018 (JST)

*The deadline must be strictly observed.

8. Application

Professor Manabu Fukui

Director

Institute of Low Temperature Science, Hokkaido University

Kita-19, Nishi-8, Kita-ku, Sapporo 060-0819, Japan.

*Application materials must be submitted by registered mail with

"Application for Associate Professor in the Frontier Ice and Snow Science Division" written in red ink on the surface of the envelope.

Information about our organization, including institute faculty and staff, is on the website (<http://www.lowtem.hokudai.ac.jp>).

Direct inquiries are possible to Professor Shin Sugiyama (Tel +81-11-706-7441,

E-mail: sugishin@lowtem.hokudai.ac.jp) or Professor Ralf Greve (Tel. +81-11-706-6891,

E-mail: greve@lowtem.hokudai.ac.jp).

Note 1: ILTS will use the submitted documents only for the selection procedure. After the selection, all submitted documents will be destroyed by ILTS except for those of the selected candidate. ILTS will not return the documents to applicants.

Note 2: At Hokkaido University, we are actively promoting both education and research activities while relying on diverse human resources and gender equality. Therefore, we explicitly invite qualified women to apply. We are also actively supporting a satisfying work-life balance and are thus creating ideal environments for people to reach their full potentials.
